ScanJet 6200Cxi/6250Cxi

Professional Series Color Scanner

HP ScanJet 6250Cxi

The power to be productive

Productivity means completing your task quickly — with the quality you need. With the HP ScanJet 6200Cxi/6250Cxi Professional Series color scanner, you can be *up to 4 times more productive* than with comparable scanners. Simply push the scan button, select the element you want in the preview screen, drag and drop it into your favorite application. You've got the control to make adjustments when you want or let the scanner do it for you.

Exceptional quality with HP's Intelligent Scanning Technology

You will get great results. HP's Intelligent Scanning Technology automatically optimizes scanned photos, providing photo-quality results. It converts black-and-white line art into infinitely scalable vector files, so you can enlarge or shrink logos right in your application with no worries of jagged effects. It automatically creates editable text from your scanned documents with integrated OCR software. HP's Intelligent Scanning Technology can do all this in *one single step*. Or, you can choose the resolution—any resolution for any image. Or change any other settings you'd like—your choices are unlimited. HP Intelligent Assistants can show you what steps are required and what steps are optional so you can choose the results you want.

Versatility at your fingertips

Power up with the HP ScanJet 6200Cxi/6250Cxi scanner. You've never seen such great results so quickly. Share an image with your counterpart overseas. Fax it to a client over the Internet. Scan documents hands-free with the 25-page automatic document feeder. You can even share the scanner itself with your colleagues in your department. All the software is included—for easy faxing, LAN networking, using business templates, and making color copies right at your desk. Add product photos from 35 mm slides to your printed overheads. Drop a file into your newly created document management system and do a word search in seconds. With HP quality and reliability backing your every move, you've got the power you need.
